Dear Sir/Madam,

This is to inform you that Best Crop Science Private Limited, a wholly owned subsidiary of the Company has been granted Licence for Technical Indigenous Manufacture (TIM) of Tembotrione technical 94% by Central Insecticides Board & Registration Committee.

A new generation corn herbicide Tembotrione shows a fast efficacy in the control of weeds. It is a post-emergence herbicide that dissipates rapidly in the environment without causing any crop phytotoxicity. Tembotrione has a low rate of application per hectare and hence poses almost nil environmental risks.

Submitted for your information and record.

Thanking You,

Yours Faithfully,

For Best Agrolife Limited
